penses, \$175,000 war, \$370,000 navy, \$30. 000 Indian, and \$655,000 interest. The excess of expenditures over receipts was

Manufacturers' Imports.

The growth in importations of manufacturers' materials continues to be the striking feature of the statistics of our foreign commerce. The value of manufacturers' materials imported in January, 1903, was \$42,328,748, as against \$37,312,513 in January, 1902. This shows a gain of about 14 per cent in a single year. This increase in importation of Miss Waddy Recommended. manufacturers' articles has taken place Hallie Waddy, daughter of the late Frank Brackett, of Annapolis. emchiefly since 1899. Not only has the im- Colonel Waddy, who was postmaster of ployed by the Noel Construction Com portation of manufacturers' articles in- Norfolk, has been recommended for cash- pany, contractors for the new midcreased, but the share which they form | ier at the Norfolk postoffice. Williams, but fire broke out in the two barns of John and entered on the examination of the the thieves secured little. collection here today.

A Serious Mistake.

To the average man it seems childish to doctor a cold, and unless it becomes particularly annoying to him, little or no attention is given it. Often a cold contracted in the winter is allowed to run until the opening of spring. This is a grave mistake, as even though the warm weather may bring relief, the system is thereby weakened and rendered susceptible to disease. A cold should never be neglected, whether it be a child or an adult who is afflicted, as health and often life is risked. A bottle of Chamber of the middle of the maid of honor was Sallie of the middle of honor was Sallie of the particularly annoying to him, little or house was closed yesterday. It is said that he probably will file a petition in bankruptcy.
